AI & Robotics Research Awards 2025

Hosted by the Trustworthy Autonomous Systems (TAS) Hub

Frequently Asked Questions

Are the awards just for researchers funded by the TAS Hub?

No! Anyone who is based at a UK institution and has been funded by UKRI can apply for the awards.

I haven't been affiliated with the TAS Hub before, can I still apply?

Yes, absolutely. We want to honour any research that fits into the AI & Robotics community and showcase the advances that are being made all over the UK.

Why are these awards being offered?

For the last 4 years, the TAS Hub has been commited to building a research community in the field of trustworthy autonomous systems. We would like to showcase the outstanding research that has taken place during this time and extend the reach of the community to encompass all research on trustworthy and responsible AI and robotics.

Who is judging the applications?

We have put together an independent review panel that draws professionals from academia, industry and government to review the applications.

How do I apply or nominate?

You can apply directly for your team or request someone nominates you – either option is accepted. You can apply or nominate here: https://forms.office.com/e/hwvxY6nCBM
